

As we return to some in-person events, we recommend that before attending the event you have been fully vaccinated against Covid-19 at least 14 days prior to arrival or have received the results of a PCR or rapid lateral flow test (LFD) within 24 hours of the start of the event

- Depending on the policy of the venue or location, you may be asked to show proof of your Covid vaccination status or proof of a negative test upon arrival; if this is the case, delegates will be advised before the event, usually via the event website and in the delegate joining instructions issued in advance
- While at the event, please consider other attendees' personal space and, in spaces where it is possible to do so, try to remain two meters from other attendees
- We ask that all attendees continue to wear masks in indoor spaces, apart from when eating and drinking, even if it is not legally required (unless you have an exemption)

If any local or national restrictions apply, we will update the event information accordingly.
